ROUTE & ITINERARY

DAY 1: JOHANNESBURG - MAUN - OKAVANGO DELTA

Aerial view of your accommodation in Okavango Delta. Upon arrival in Maun, light aircraft will transfer you to your bush camp in the South Western floodplains of the Okavango where you will spend the next 2 nights. The South Western floodplains provide some of the most dramatic wildlife interactions in Africa. You will arrive in time for an afternoon activity.

DAY 2: OKAVANGO DELTA

Wildebeest sightings during an open safari game drive in Botswana. You will explore the area on game drives, night drives and exciting safari walks. Your guides know the area intimately and will share all their knowledge with you whilst looking for the best wildlife sightings. Your days start early in the morning when you head out on your activities in what can easily be described as Eden's blueprint, so beautiful is this area.

DAY 3: OKAVANGO DELTA

Today you will enjoy the last activity on the South Western floodplains of the Okavango before heading north in a light aircraft. You will be flying over the heart of the Okavango Delta to your bush camp on the northern extremities of the Delta where you will spend the next 2 nights.

DAY 4: OKAVANGO DELTA

Mokoro canoe trips are the perfect way to discover the Okavango Delta waterways. The area is renowned for its Lion and Buffalo interaction, with dramatic documentaries having been filmed there. Activities revolve around night drives and game drives where your safari guides will strive to give you the best wildlife interaction possible. Whilst here the timetable of your day is not set in stone, it depends on the activity of the predators. If the Lions are hunting you will stay with them and the itinerary will be altered accordingly.

DAY 5: LINYANTI

Seasonal fishing in Botswana. Today is a relatively short flight to the Linyanti region for your next 2 nights stay where you will enjoy night drives and game drives in a region renowned for its wildlife, and in particular predators. This area was once regarded solely as a trophy-hunting region but is now regaining its reputation as a prominent wildlife destination.

DAY: 6 LINYANTI

The game viewing in the Linyanti area is nothing short of spectacular and knowledgeable guides will ensure you the best possible experience. During the dry months huge numbers of animals concentrate on the river and in the wet season, the game spreads out but is still seen in numbers.

DAY 7: LINYANTI – MAUN

Spotting lions during your safari in Botswana. Today there will be time for a last activity before your flight back to Maun to connect with your international flight to Johannesburg or Victoria Falls
